ColossalBLOK®

Designed with Aesthetics In Mind

Oberfields 12x24 inch ColossalBLOK® units were designed to assist architects, designers and specifiers in water table and band applications.

Our units are designed to be a cost-effective alternative to limestone and other finishes.

Units are available in two textures-three finishes each.

DesignBLOK®-sandblasted, smooth, and split-face; a coarser textured finish.

Milled Stone-sandblasted, smooth, and split-face; a finer textured finish.
