PARKING BLOCKS

COMMERCIAL PARKING BLOCK
The type most specified by Architects and Engineers for parking areas where traffic is heavy and continuous. Has two anchor pin holes.

PRECAST CONCRETE FINISHES

NOTES:

• Available Finishes for precast concrete products are shown and described to indicate approximate color and texture involved.

• Photographic representation of finish texture is approximately 25 percent of actual size.

• Refer to Oberfields LLC® data sheets showing specific precast concrete products to see which finishes are applicable for those products.

• All Colored Precast “PC” finishes are only available in Light Sandblast texture.
