

Don't let winter slow you down. Keep Building with Castia Stone.

Winter is rapidly approaching but that does not mean you have to stop building. Castia Stone is perfect for cold weather building because it is mechanically fastened to the substrate. With no mortar to mix, you are not reliant on perfect weather conditions. [Learn More](#)

Now it is even easier to use Castia Stone products. We have become a member of [CADdetails.com](#). We are excited to now be able to offer architects and designers high quality CAD drawings and specifications for download. Click the logo to view our products today! If you are not a member yet, it is free to join or just do a search to see our listings.

Watch our 3 Minute Video and get to know Castia Stone better.
