ENHANCED BY

Dura-Denz represents a dramatic break-through in concrete casting technology. Our new process results in a paver that is not only beautiful, but extremely durable. A specially formulated dense top layer creates a smooth, aggregate-free, extra-hard surface that resists chipping, scratching, and fading.

Lexington® Pavers are sold by the layer.

Note: Due to variations in printing, color selections should always be chosen from actual product samples. Textured paver and patio stone surfaces require a buffer between the plate compactor and the paver surface to prevent scuffing.
