INDOOR PRODUCTS

UL 127

CONVENTIONAL*

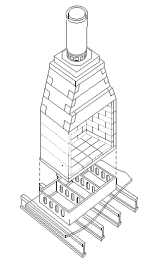

- FireRock's Traditional Model
- Sizes: 30" · 36" · 42" · 48" · 60" · 72"
- Angled back wall for better heat reflection
- Can be installed on a combustible floor using LiteRock installation application
- Accommodates FireRock masonry or approved metal chimney system

UL 127

RUMFORD*

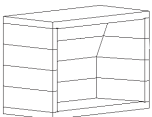

- Taller opening allows for a larger fire
- Sizes: 30" · 36" · 42" · 48"
- Straight back wall
- Ideal for homes with high ceilings
- Accommodates FireRock masonry or approved metal chimney system

UL 127

LITEROCK SYSTEM

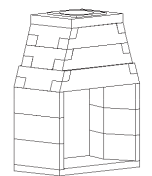

- Allows for a wood-burning fireplace on any combustible floor system
- Sizes: 30" · 36" · 42"
- Great for remodeling projects or 2nd floor fireplace applications
- Requires an approved metal chimney

ANSI 221.50

VENT-FREE

- True masonry fireplace without a chimney
- Sizes: 30" · 36" · 42" · 48"
- Perfect for remodeling projects
- Can be installed on a combustible floor

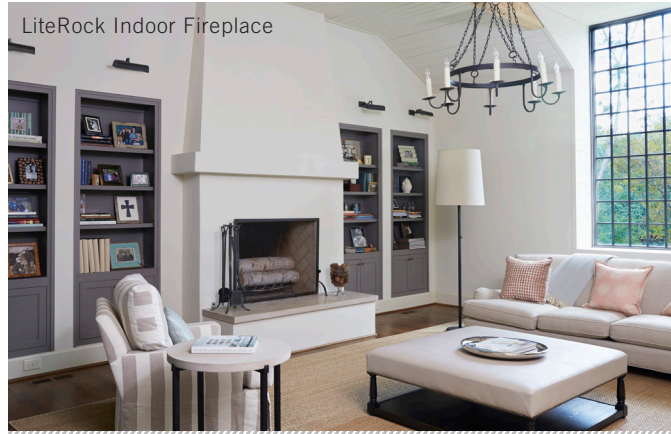

UL 127

ANSI 221.50

SEE-THROUGH

- Sleek design allows for two rooms to enjoy a fireplace with only one flue
- Sizes: 30" · 36" · 42" · 48"
- Also available in vent-free application
- Accommodates FireRock masonry or approved metal chimney system

*Conventional & Rumford outdoor models are also available.
