OBERFIELDS

WHAT OUTDOOR LIVING
SHOULD BE®

Hello!

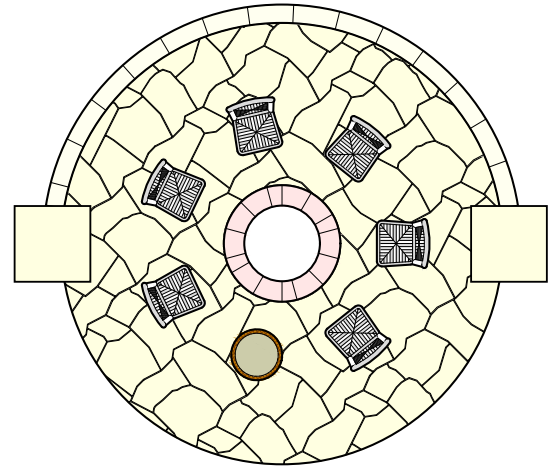

Welcome to your new, dream outdoor space. It's beautiful, durable, unique, and cost effective - can you picture it? Maybe we can help.

This simple booklet will help you and your contractor decide on a patio layout that will exceed your expectations, without exceeding your budget. Just talk with your contractor to choose rustic or formal, size, and outdoor living features. Then get ready to decorate, and enjoy your new space.

Oberfields products are beautiful and look more like natural stone than any other man-made product you can find, making Oberfields the premier hardscape option for your landscaping project.

Want something custom for your unique space? With Oberfields the possibilities are endless. Find inspiration and ideas plus a full catalog at Oberfields.com

250 Square Feet

A round patio says family, community, s'mores, and summer nights. If you appreciate a natural backyard, consider our Rustic Patio option. The rustic option features Grand Flagstone slabs, Belvedere walls, and a Belvedere Round Fire Pit Kit for a real stone feel that you won't find in any other hardscape line.

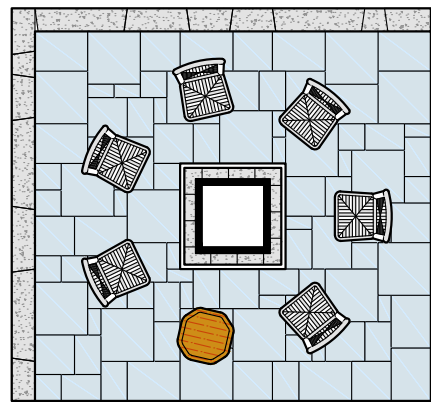

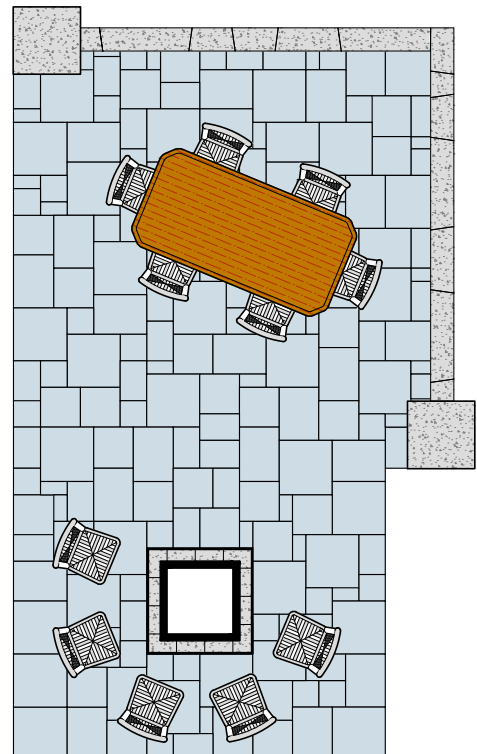

OPTION A 200 Square Feet

A square patio means a formal, chic look for your outdoor space. The Formal Patio options feature Kodah Walls, Dimensional Flagstone slabs, and the Rosetta Dimensional Wall Square Fire Pit, for visually striking linear proportions. Be the first in your neighborhood to show off a unique and attractive landscape.

OPTION B 400 Square Feet

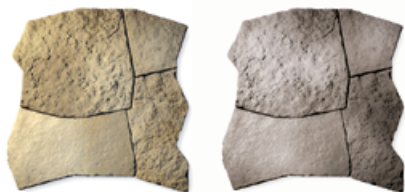

Want to dream a little bit bigger about your weekend plans? Option B extends the size of the Formal Patio with the impressive look and no-nonsense installation of Kodah wall. Your contractor will be able to complete the project in no time, so that you can start enjoying your space.

Due to variations in printing, color selections should always be chosen from actual product samples. Textured pavers require a buffer between the plate compactor and paver surface to prevent scuffing. To ensure proper color distribution, mix layers from several bundles at one time.
