Dura Denz represents a dramatic break-through in concrete casting technology. Our new world-class manufacturing process results in exceptional products that are infused with Dura Denz Technology. A specially formulated dense top layer creates a smooth, extra-hard surface that resists chipping, scratching and fading. The result is products that are not only beautiful, but extremely durable. Paver patterns available for download at [oberfields.com](http://oberfields.com)

Due to variations in printing, color selections should always be chosen from actual product samples. Americana Collection pavers require a buffer between the plate compactor and the paver surface to prevent scuffing.
