OUR **NEW** ALL-IN-ONE SEALER IS THE DIFFERENCE MAKER.

How many reasons do you need?

Our new Dura Denz All-In-One penetrating sealer enhances color and texture, stabilizes joint sand, and protects against mold, moss and algae. Formulated to resist UV rays, Dura Denz Sealers help to retain the pavers original color while also repelling water and stains. It can be applied immediately after installation on a clean, dry installation and is rain safe in 60 minutes.

Dura Denz Sealers are formulated to give maximum coverage for up to 5-6 years. Although formulated in conjunction with the Americana Collection pavers, Dura-Denz Sealers may also be applied to any type of concrete paver, clay paver, flat and stamped concrete, and masonry surfaces such as concrete walls, exposed aggregate and retaining walls.

Make sure you ask your contractor about this very important last step to a professional grade finish. By committing to an easy maintenance plan, you can keep stains from penetrating your hardscape surface and make a world of difference to the look and longevity of your paver project!

Dura Denz penetrating sealers are offered in both water based and solvent based formulas. Each formula offers two finishes—a wet look and a matte look. Either finish adds enhancement and protection for years, with minimal maintenance. Both are environmentally friendly.

OBERFIELDS CONCRETE PAVER & RETAINING WALLS WARRANTY

OBERFIELDS provides a limited lifetime warranty of its paver, slab, and dry cast wall products and Rosetta[®] family of precast products for residential applications against manufacturing defects. This Warranty is provided to the original purchaser only, with the original proof of purchase, and is non-transferable.

This Warranty is valid if the material is installed and maintained under industry standards or OBERFIELDS LLC guidelines. Color variances and the appearance of efflorescence do not substantiate a warranty claim. Any product deemed to be defective will be replaced at no charge; however, shipping costs or costs relating to the removal of defective material and replacement labor are not included in this warranty. Color matching cannot be guaranteed.
