Can backyard living really restore the soul?
At Berlin Gardens, we wholeheartedly
believe it can.

Making outdoor spaces comfortable and inviting is more than a design trend to our team. We believe the outdoors is one of the best places to relax with friends and family, rejuvenate oneself and connect with God.

THE BERLIN GARDENS DIFFERENCE

Our furniture is beautifully designed, solidly built and amazingly durable. There's a reason. Our team of Amish craftsmen combine old world skills with modern technology and a commitment to doing the job right. You'll find extra value engineered right into our products, like welded aluminum frames under our tables and thicker support pieces for our furniture.

WHY PICK POLY?

Poly lumber makes strong, comfortable outdoor furniture without the hassles typically associated with upkeep. It's easy to care for, needs no painting and can withstand harsh weather. Poly is an environmentally friendly choice, because it's made from recycled milk jugs. We believe God calls us to take care of our world, so this is a way we contribute to that mission.

HOW WE DO BUSINESS

Our first priority is to bring glory to God in all we do. It's how we approach every day, every job and every customer. We've established what we call our core values: honesty, efficiency, attitude, respect and trust. These aren't just words; they're our foundation as a company.

We hope our products inspire you to *take life outdoors*.

We hope our furniture helps create a lifestyle of spending more time outdoors with your family, inviting friends over and relaxing around a fire pit.

*The best times
happen outdoors.*

© 2015 Style Life Photography

Sam Yoder, President and Owner of Berlin Gardens, and family. To hear Sam tell his personal story about "taking life outdoors," watch our video here: www.berlingardensllc.com/ourvision.

Amazing furniture starts with great materials.

At Berlin Gardens, we even custom build some of our machinery. This allows us to adapt easily for new furniture offerings or changes.

FASTENERS

We use chrome-plated stainless steel. Used widely in the salt water marine industry, these fasteners are proved to be much more resistant to corrosion than typical grades of stainless steel.

COATED PROTECTION

We have minimal visible aluminum components on our furniture. Those that are visible are powder-coated to increase both beauty and durability.

POLY'TUF™

Berlin Gardens uses only the highest grade of poly lumber, also known as high-density polyethylene or HDPE.

The benefits:

- Smooth feel
- Dense material that's more durable
- No cracking, splitting or bacterial growth
- Virtually no maintenance (see our new line of cleaners on page 61)
- Unaffected by salt spray for seaside living
- Color that goes through the material (not a coating) that's UV stabilized and resists fading
- Made from 95 percent recycled content

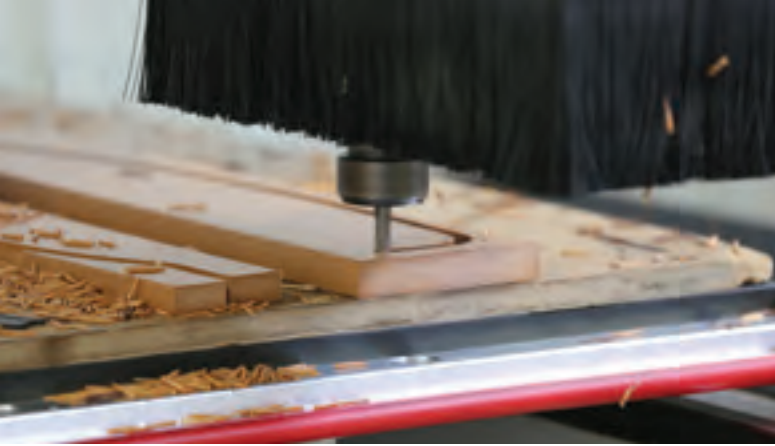

This product is made with PolyTuf™ Recycled Plastic Lumber manufactured by Tangent, which is third-party certified by GreenCircle Certified for Recycled Content. www.tangentusa.com/GCC

POLY FURNITURE RECYCLED CONTENT COMMITMENT

Have you ever wondered how Berlin Gardens poly furniture is made? Many of our customers are unaware that our furniture is made from 95 PERCENT RECYCLED CONTENT, with the majority coming from post-consumer milk bottles collected in community recycling programs. This is an overview of how a milk bottle is recycled and given new life as an Adirondack chair, which will last a lifetime.

Milk bottles are collected at community recycling centers, baled and shipped to Tangent Technologies LLC where the transformation begins.

What makes our products different?

To us, a job's not done
if it's not done right.

Cutting corners? Not right. Treating the customer like a friend? There's no question about it - it's the way we're called to live. Putting our people and processes together in a way that produces a product we can stand behind? It's the reason we come to work every day. Here are four things you can depend on when you consider Berlin Gardens products.

Service

Service is part of the culture of our company. When dealers and customers call us, they'll talk to a person, not get caught in an endless technological loop. For us, making the customer happy is the bottom line.

Quality

To us, quality means consistency. To the customer, this means holes line up for easy assembly, all components are hand-routed for exceptional smoothness and little details are not missed.

Design

From hidden fasteners to sleeker-lined chairs - we're constantly improving our design. It takes more work on our part, but we're dedicated to helping you make your outdoor living space beautiful.

Lead Time

Our lead time is typically shorter than most of our competitors. In other words, we get products to dealer showrooms and customer homes sooner. Even during peak season, we deliver in a timely manner.

CRAFTSMANSHIP

Our factory is located in Berlin, Ohio, in the heart of Amish country. While we use advanced machinery, we pair that with traditional methods and skills handed down through generations. This means poly components are cut with extreme accuracy using computerized machines, but the edges are hand-routed for superior smoothness. Visual inspection occurs at each step in the process. You get American-made poly furniture that's comfortable, strong and beautiful for years to come.

DURABILITY

Berlin Gardens furniture is designed to achieve the perfect blend of aesthetics, comfort and durability. Our products range from traditional Adirondack chairs to modern pieces with clean, refined lines and a minimal amount of visible hardware. We also offer a broad selection of finely engineered motion furniture such as gliders and swivel rockers for an amazingly relaxing experience.

Our collections are designed to be strong. We use welded aluminum frames under table tops, heat-bended curved components, and thicker material for support pieces. Extensive strength and durability testing is done as products are designed. We want to make sure you receive the strongest, longest-lasting furniture possible.

EASY TO CARE FOR

Poly furniture is not affected by most corrosive substances and will not promote bacterial growth. We offer a new line of Berlin Gardens cleaners to help you easily maintain the beauty of your furniture. If properly cared for, you will be able to relax in your fine piece of poly furniture for many years.

BERLIN GARDENS THINKS GREEN

We care about our environment. The human race has been given stewardship over the earth, and we take that assignment seriously. A polluted world in which we despoil waters, woodlands and air is not acceptable. So we use recycled milk jugs - destined for landfills - as the main material for our furniture. By eliminating the need to manufacture new plastics, we also conserve our world's oil supply.

CLASSIC TERRACE COLLECTION

The background of the entire page is a photograph of an outdoor setting. In the foreground, a wooden table is visible, with two bright yellow-green pears and a rustic, textured branch resting on its surface. In the mid-ground, the back of a wooden slat chair is visible, showing several vertical slats. The background is a soft-focus green, suggesting foliage or trees. The text is overlaid on a dark, semi-transparent rectangular area in the upper right portion of the image.

▲ NEW! Natural Finishes

Sun-warmed surfaces. The comfortable feel of worn-smooth wood. Imagine enjoying these with virtually no maintenance.

We invite you to experience the new Natural Finishes Collection.

Our newest collection combines the beauty of natural wood with all the benefits of poly lumber.

Natural Finishes not available in Classic Terrace, Garden Mission, Fire Pits, Porch Rockers, Bars and Barstools, Buffet Table, Park and Garden Benches or Planters.

CARE AND MAINTENANCE

Poly furniture is made from high-density polyethylene (HDPE), a recyclable plastic that never needs to be painted or stained. It will not rot or splinter, and it contains an added UV protective agent to resist fading. Poly furniture is not affected by most corrosive substances, and will not promote bacterial growth.

To maintain the beauty of your furniture, use Berlin Gardens cleaners or clean regularly with nonabrasive soap and water. While most colors need to be cleaned a few times per year, certain colors such as white (but not limited to this color) need to be cleaned more frequently in order to maintain its original beauty. In extreme situations, and with colors such as white, spray the furniture thoroughly with a nonabrasive cleaner then scrub the furniture using a soft bristle brush and rinse off with warm, clean water. If needed, spray the furniture with nonabrasive cleaner and wash it using a high-pressure washer. Do not place the tip of your pressure washer closer than 8"-12" from the furniture or it will tear into the material.

Do not place flower pots or any items on furniture that will leave stains. Do not place hot items directly onto furniture to avoid melting.

All fasteners on furniture manufactured by Berlin Gardens are stainless steel with most fasteners being chrome-plated stainless steel. Chrome-plated stainless steel is one of the most corrosive-resistant fasteners on the market. However, in extreme conditions such as coastal areas, while chrome-plated stainless steel will be less likely to rust, it is still recommended to regularly rinse it with fresh water to ensure the longevity of your furniture and fasteners.

If properly cared for, you will be able to relax in your fine piece of poly furniture for many years!

WARRANTY

Berlin Gardens, LLC (“Berlin Gardens”) warrants to the original purchaser that its polyethylene outdoor furniture products will be free of original defects in workmanship and materials for a period of **twenty (20) years** of residential use or **five (5) years** of commercial use unless otherwise noted in warranty. The warranty is effective starting on the date of purchase. At its option, Berlin Gardens will repair or replace this product without charge for materials and labor, providing our inspection indicates that an original defect exists. Should Berlin Gardens choose to replace the product, and the product is no longer available at the time warranty service is required, a substitution of similar performance and equal or greater value will be made. Polyethylene is a synthetic product and may scratch or fade slightly when exposed to sunlight or stain after prolonged contact with other substances. Some expansion and contraction is to be expected due to extreme changes in humidity and temperature. The foregoing shall not be considered defects in materials or workmanship and are not covered under this warranty. Stainless steel fasteners are warranted not to fail structurally for the applicable warranty period. Stainless steel may rust in certain extreme conditions (such as coastal areas) if not maintained. This warranty does not cover rusting fasteners or structural failure due to rusting fasteners, damage caused by unauthorized service or repair, alteration of this product, **abuse or misuse**, normal wear and tear on materials, or any attempt to use the product in a manner or for a purpose other than for which it is customarily intended. This warranty also does not cover scratching or chipping of polyethylene, however, this warranty shall not limit any warranties made by the manufacturer for such items which may extend to you.

Fire Pits, Folding Chairs and Folding Accessories are warranted to be free of original defects in workmanship and material for a period of **ten (10) years** of residential use or **two (2) years** of commercial use.

Swivels are warranted not to fail structurally for **five (5) years** of residential use or **two (2) years** of commercial use.

Cushions are warranted to be free of original defects in workmanship and material for a period of **one (1) year** of residential use and are not warranted for commercial use. Compression of cushions shall not be considered a defect in materials and workmanship and are not covered under this warranty.

POLYETHYLENE OUTDOOR FURNITURE

TWENTY (20) YEAR LIMITED WARRANTY (RESIDENTIAL)
FIVE (5) YEAR LIMITED WARRANTY (COMMERCIAL)

Berlin Gardens makes no warranties other than those which are specifically described herein. Berlin Gardens makes no implied warranty of merchantability or implied warranty of fitness for a particular purpose. Some states do not allow limitations of implied warranty so this limitation may not apply to you. In that event, any such implied warranty is limited to that required by law. Berlin Gardens shall not be liable for incidental or consequential damages, including, but not limited to, lost profits or other economic or commercial losses. The sole remedy provided in this warranty is repair or replacement of this product. Any cost of shipping and handling shall be paid by you. Claims for original defects in workmanship or materials shall be made in writing to Berlin Gardens no later than ten (10) days after the expiration of the warranty period at the following address:

**Berlin Gardens, LLC
P.O. Box 446
Berlin, Ohio 44610**

**Phone: (800) 593-3411
Email: customerservice@berlingardensllc.com**

Your claim must explain the nature of the original defect and include your name, address and telephone number. In the event of a non-warranty repair, you will receive a written estimate prior to any repair work being performed. This warranty gives you specific legal rights and you may have other rights which vary from state to state. As defined by federal law, this is a limited warranty.
