Can backyard living really restore the soul?
At Berlin Gardens, we wholeheartedly
believe it can.

Making outdoor spaces comfortable and inviting is more than a design trend to our team. We believe the outdoors is one of the best places to relax with friends and family, rejuvenate oneself and connect with God.

TAKING LIFE OUTDOORS

Gazebos provide the perfect spot for everything from entertaining to quiet reflection. You can enjoy the outdoors while being comfortable and sheltered.

THE BERLIN GARDENS DIFFERENCE

American-made and solidly constructed, our gazebos are made by a team of Amish craftsmen. By combining old world skills with modern technology, we produce backyard structures that are durable as well as beautiful.

HOW WE DO BUSINESS

Our first priority is to bring glory to God in all we do. It's how we approach every day, every job and every customer. We've established what we call our core values: honesty, efficiency, attitude, respect and trust. These aren't just words; they're our foundation as a company.

We hope our products inspire you to *take life outdoors*.

*Gazebos are classic structures that
complement any space.*

The beauty and benefits
of a Gazebo

OUTDOOR LIVING IS CALLING

Millions of Americans are taking life outdoors, finding relaxation and refreshment. Satisfying conversations blossom when surrounded by natural beauty. Protected from the hot sun or gentle showers inside a gazebo, it's easy to make connections with friends and family, enjoy meals, celebrate events, or listen to the happy sound of children at play.

CRAFTSMANSHIP

Berlin Gardens is an American company - our factory is located in Berlin, Ohio. We use advanced, specialized machinery along with traditional methods to manufacture each gazebo. Vinyl components are cut with extreme accuracy. Expert craftsmen hand select wood pieces, which are then cut, routed and hand sanded. Skilled workers manufacture each piece, following an efficient assembly process. Visual inspection occurs at each step in the process. The result is a finely crafted gazebo that you will be proud of for many years to come.

The Ease of Maintenance-Free Vinyl

When you choose a vinyl gazebo, maintenance becomes a worry-free proposition. Durable and beautiful, vinyl requires very little attention. Regular cleaning with a mild dish detergent or similar product is normally all that's required to keep your gazebo looking its best.

- Made from 50 percent recycled materials
- Made in the U.S.A.
- Easy to clean and maintain
- No cracking, fading or chalking
