INTRODUCING

SEE THE DIFFERENCE. FEEL THE DIFFERENCE. DESIGN TO BE DIFFERENT.

Dura Denz represents a dramatic break-through in concrete casting technology. Our new world-class manufacturing process results in exceptional products that are infused with Dura Denz Technology. A specially formulated dense top layer creates a smooth, extra-hard surface that resists chipping, scratching and fading. The result is products that are not only beautiful, but extremely durable. Exceed your clients expectations when you feature products manufactured with Dura Denz Technology. Quite frankly, it's unlike anything you'll find on the market.

Call your Oberfields representative today.
Because quality matters.

 **TINTED THROUGHOUT**
(INDUSTRY EXCLUSIVE)

 **DENSE TOP-LAYER**
(NO COARSE AGGREGATE)

 **AMERICAN OWNED AND MADE**

No project is complete without Dura Denz Polymeric Sand and Sealer. Formulated to work in conjunction with your Americana pavers; these products were built to our specifications, delivering on both quality and consistency.

Make sure to ask your contractor about these important last steps to keep your patio looking its best for years to come.

Standard concrete pavers are coarse with visible aggregate on surface. They are manufactured to exceed all ASTM standards for quality and strength.

Dura Denz Technology provides an exceptional paver with color infused throughout and a top layer that's colorfast and resilient to wear and tear. ASTM compliant.

 **EXTREMELY DURABLE**
RESISTS DAILY WEAR AND TEAR

Paver patterns available for download at oberfields.com

PRIMARY COLORS
See what colors are available for each product line at the bottom of the product descriptions.

Due to variations in printing, color selections should always be chosen from actual product samples. Americana Collection pavers require a buffer between the plate compactor and the paver surface to prevent scuffing.
