

ADA PAVERS

PRODUCT SPECS

a) **ADA Pavers** – 11⁷/₁₆" x 11⁷/₁₆" x 2³/₈"

Non-stocking, special order product.

APPLICATIONS

Sidewalk or curb applications where a detectable warning surface is desired.

Our ADA Detectable Warning Pavers are manufactured in accordance to Section 705 Detectable Warnings of the Department of Justice's 2010 "ADA Standards for Accessible Design."

According to ADA guidelines:

A detectable warning is a standardized surface feature, built in or applied to, walking surfaces or other elements to warn of hazards on a circulation path.

The color of the detectable warning surface shall contrast visually with adjacent walking surfaces, either light on dark, or dark on light.

ADA Paver Characteristics

- Meets ADA requirements for slip resistance
- Meets ASTM C936 and ACI 530 specifications
- Truncated dome pattern is produced in parallel alignment
- Paver surface can be sandblasted for an alternative surface texture
- Size decreases installation time
- Little or no maintenance required
- Cleaning and sealing information available upon request

a

Note: Due to variations in printing, color selections should always be chosen from actual product samples. Textured paver and patio stone surfaces require a buffer between the plate compactor and the paver surface to prevent scuffing.
