## ALL-IN-ONE SEALER

How do you go about keeping your new paver project looking its absolute best? By sealing it with a Dura Denz All-In-One Penetrating Sealer, uniquely formulated in conjunction with the Americana Collection pavers to enhance, protect, and stabilize your paver project. **Dura Denz penetrating sealers are offered in both Water Based and Solvent Based formulas - Matte and Wet-Look finishes: 1-gallon & 5-gallon sizes.**

Kodah Freestanding Wall Blocks are provided in four basic sizes. The blocks are finished on both the front and back faces of the wall blocks and they are tapered on each side approximately 1 1/2" from the front to the back of the block. There are multiple texture patterns for each basic block size to provide a more random look for your finished project. Average block weights of the different texture patterns are shown. Weights of individual blocks may vary.

The Kodah Collection contains two corner blocks. These blocks are finished on three sides, and the fourth side is tapered to fit with the other retaining wall and freestanding wall blocks. The corner blocks can be used to construct columns, provide a finished end on a freestanding wall, and make 90° corners. There are multiple texture patterns for the faces of both corner blocks, thus providing a more random look for your finished project. Average block weights of the different texture patterns are shown. Weights of individual blocks may vary.
